PROJECTS

Movie Recommender System — Streamlit Web App

Python, Streamlit, Pandas, NumPy, Scikit-learn — GitHub

- Developed an end-to-end Movie Recommender System using content-based filtering techniques.
- Implemented cosine similarity to recommend movies based on user selection.

Smart Irrigation Using Machine Learning — Research-Oriented Machine Learning Project

Scikit-learn, Pandas, NumPy, Matplotlib, Jupyter Notebook

- Achieved highest accuracy using Random Forest classifier.
- Identified key water quality factors such as nitrate and pH.

ACHIEVEMENTS & CERTIFICATIONS

NPTEL – Cloud Computing

May 2025

Gained foundational and practical knowledge of cloud infrastructure and services, conducted by IIT KGP.

Oracle Cloud Infrastructure 2025 Certified Generative AI Professional

July 2025

Acquired hands-on expertise in large language model (LLM) architectures, prompt engineering, and deploying AI models on Oracle Cloud Infrastructure.

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate

July 2025

Gained in-depth understanding of LLM architectures, prompt engineering techniques, and cloud-based AI deployment using Oracle Cloud Infrastructure.

Microsoft Certified – Azure Data Fundamentals DP-900 (820/1000)

June 2025

Learned data analytics, data warehousing concepts, and Azure data services for scalable cloud-based solutions.

Coursera – Applied Machine Learning in Python

Dec 2024

Gained practical understanding of applied machine learning models, including training, validation, and performance optimization.

EXTRA CURRICULAR ACTIVITIES

Core Member – Photography

Apr 2024 - Apr 2025

Coordinated with committee heads to capture key sessions and formal proceedings and designed social media creatives that increased event engagement.

Semi-Finalist – SOLVIT Hackathon (Team)

March 2025

Developed a smart web-based queuing management system that implemented real-time queue tracking for hospitals, banks, and retail stores.

Participant – Smart India Hackathon

Sep 2023

Built an AI-powered learning platform to curate and rank educational YouTube content
